Online Meeting
December 17, 2020 – 4:00-5:30 PM

Join from PC, Mac, Linux, iOS or Android:

<https://maine.zoom.us/j/88901940790>

or by telephone (646) 876-9923

Meeting ID: 889 0194 0790

4:00 – Welcome and review purpose of the CBRSWG + agenda

4:10 – Presentation: CBRSWG accomplishments in 2019/2020

- Provide a summary of WG meetings/engagement the first year.
- Review municipal guidance documents on: multispecies management, milky ribbon worm predation and mitigation, quahog management and restoration, and informational resources for town councils/boards.
- Provide an update on the Casco Bay Community Shellfish Database.

4:25 - Town Sharing

- One representative from each municipal shellfish or marine resource committee will respond to a few questions:
 1. What is the current focus of your committee?
 2. What are the obstacles to addressing the shellfish community's needs?
 3. What are one or two *shared* topics or issues you would like the WG to consider focusing on in 2021?

4:45 – Group Discussion: Planning for 2021

- Develop a list of regional WG projects
- Develop a list of speakers, training topics, and field demonstrations
- Solicit ideas for the purchase of shared equipment

5:15 - Announcements

- Funding opportunities
- Maine Climate Council update

5:25 – Next Steps

- Presentations to town council/board of selectmen
- Outreach to municipalities for database needs assessment survey
- Next meeting in 2021 – TBA

5:30 – Adjourn
